Welcome

INTRO TO WEBTIME

In an effort to streamline and standardize the reporting of all time and expenses, while improving accuracy and usability, Solomon Page has implemented a new system—**Webtime**.

Webtime is an online portal that allows you to enter your time daily and save the changes. At the end of your work week, review all entries for accuracy and submit your timesheet. After clicking submit, an automatic email will be sent to your supervisor with your submitted timesheet for their approval. Once they have reviewed and approved the hours, you will receive an automated email that your timesheet has been approved.

WEBTIME DEADLINES

TIMESHEET SUBMISSION DEADLINE: MONDAY AT 9:00AM

Consultants must submit their timesheet by Monday at 9:00am.

APPROVAL DEADLINE: MONDAY AT 5:00PM

Supervisors must approve submitted timesheets by Monday at 5:00pm.

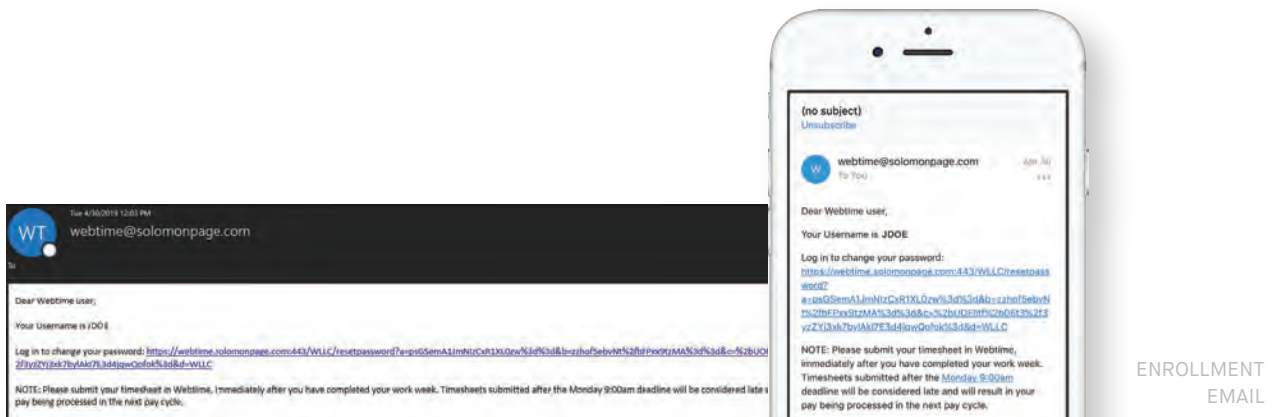

We kindly ask that you take note of these deadlines to ensure timely payment.

SUBMIT

When all hours for the week have been completely entered, you must **SUBMIT** the timesheet for approval.

CANCEL

By clicking **CANCEL**, you will lose any changes made since the last **SAVE** action.

DELETE

The entire timesheet will be permanently deleted.

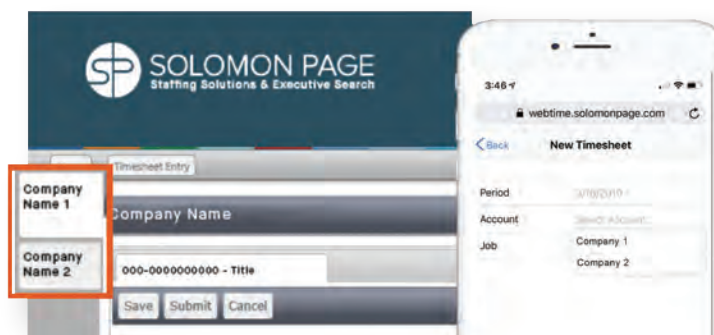

EXPORT

If you would like to keep a copy of your timesheet, you have the option to **EXPORT** it as a PDF file.

NOTE: You will not be able to make changes or perform any other actions after a timesheet has been submitted. Please review carefully before submitting your timesheet for approval. Failure to submit by the deadline will cause a delay in the process. If your timesheet is pending approval and you need to make a correction, please reach out to your supervisor to reject the timesheet.

Timesheets for Multiple Clients

If you are currently assigned to work for multiple clients within the same time frame, you are required to submit separate timesheets for each client.

Clients will be shown as tabs on the left side screen. Please select the appropriate timesheet for the client you are submitting hours for. If you are using the mobile version, you must select the appropriate client name from the drop-down list under the **Account** field.

Submitting Hours Under a Project Name

At the beginning of your assignment, your supervisor will inform you whether you need to enter hours under a specific project name when submitting time.

MULTIPLE PROJECTS IN ONE TIMESHEET

To enter hours under a project name, you must select the appropriate project name from the drop-down list for each line entry. *Note: Failure to select the correct project name for your assignment will cause your timesheet to be rejected and delay payment.*

The screenshot displays a desktop interface for entering timesheet data. It features a table with columns for 'In 2', 'Out 2', 'Comments', and 'Upload File'. A blue arrow points to a 'Project Name' dropdown menu that is open, showing options: '** No Project **', 'Project A', 'Project B', and 'Project C'. To the right, a mobile device screen shows a similar interface with fields for 'Pay Type', 'In Time', 'Out Time', 'In Time 2', 'Out Time 2', 'Comments', 'Project Name', and 'Attachment'.

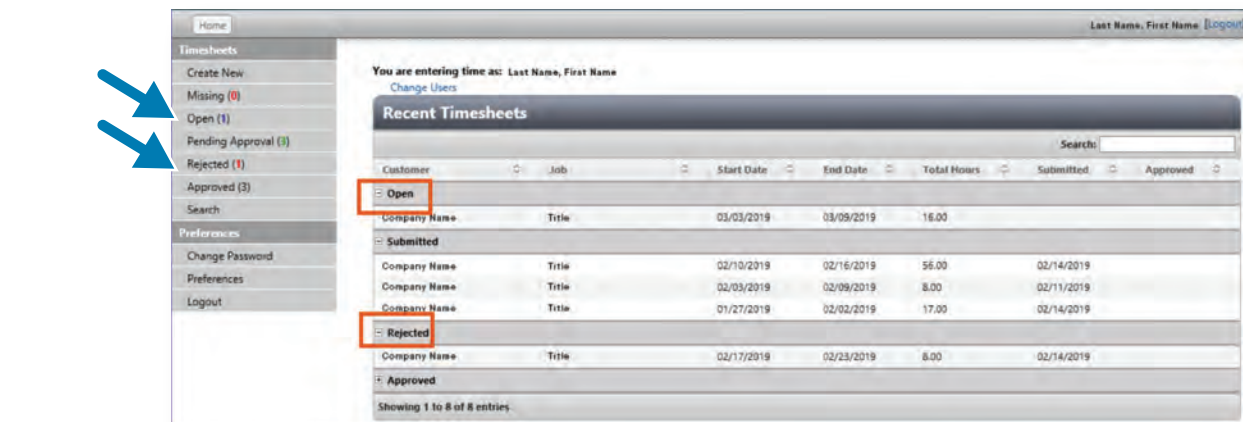

MULTIPLE PROJECTS IN MULTIPLE TIMESHEETS

If your assignment requires you to enter separate timesheets for each project, multiple timesheets will be displayed in a tab format across the top of the timesheet. Please select one timesheet per project.

The screenshot shows a desktop interface with multiple tabs at the top, each labeled 'Company Name'. A blue arrow points to the first tab.
